

# Krisana Sangkawanna

## Frontend Developer

## Educational History

- Khon Kaen University (2021 - 2025)
- B.Sc. in Geo-Informatics, College of Computing
- GPAX: 3.12 / 4.00

## Hard Skill

- **Languages:** JavaScript (ES6+), PHP, SQL, HTML/CSS.
- **Modern Frameworks:** Next.js, React, Node.js, Tailwind CSS.
- **Database & GIS:** PostgreSQL (PostGIS), MySQL, Leaflet.
- **Tools & DevOps:** Docker, Git/GitHub, RESTful APIs.

## Soft Skill

- Problem Solving & Debugging
- Technical Communication
- Agile Collaboration
- Adaptive Learning

## Work Experience

**Research Assistant (Full Stack Developer)** | MARDSS Chi and Mun River Basin Project

Nov 2025 - Present

- **Modernized and Redesigned** the regional water management platform using **Tailwind CSS** for a modern, responsive UI/UX.
- **Managed and Visualized 65+ Spatial Data Layers**, integrating diverse hydrological and geological datasets into a unified Web GIS system.
- **Streamlined Development Workflow** by implementing **Docker** for local development and efficient deployment to production servers.

**IT System Developer** | Survey and GIS Ltd. Part.

Mar 2025 - Present

- **Led Client Requirement Gathering** for government-contracted projects, translating business needs into technical specifications.
- **Developed and Deployed** an E-Document system and a Waste Collection Management system using **PHP** and **MySQL**.
- **Conducted User Training sessions** for government officials, ensuring smooth system adoption and high user satisfaction.
- **Proactively Learning** modern technologies (**React**, **Next.js**, **TypeScript**, **Node.js**) to align with enterprise-level development standards.

**Research Assistant (Full Stack Developer)** | MARDSS Chi River Basin Project

Jul 2024 - Apr 2025

- **Developed a Web-based Decision Support System** for groundwater recharge using **PHP**, **PostgreSQL**, and **Leaflet**.
- **Visualized 46+ Spatial Data Layers** (Hydrogeology, Geology, etc.) for complex environmental analysis.
- **Created Mathematical Tools** within the web interface to calculate and estimate groundwater recharge volumes.

**IT System Developer (Co-operative Education)** | Survey and GIS Ltd. Part.

Nov 2024 - Mar 2025

- **Developed an End-to-End Billing System** for local water authorities (Non Rang and Nong Ya Plong sub-districts).
- **Integrated Hardware Solutions** by connecting the web system with **Handheld POS/Portable Printers** for on-site billing and **QR Code** payment generation.
- **Maintained and Refactored** legacy code to ensure system stability and 100% uptime for public service operations.

**Teaching Assistant (Spatial Database Management)** | College of Computing, KKU

Jun 2024 - Oct 2024

- **Mentored 50+ Junior Students** on **PostgreSQL** and **PostGIS**, providing hands-on troubleshooting for complex spatial queries.
- **Managed Lab Operations** and prepared technical course materials for senior instructors.
